

This is your opportunity to own and enjoy a piece of Brisbane's history

E. B. Harvey

Recently retired CBD lawyer offers for sale an immaculate suite of office furniture custom made by mastercraftsman Elvin Beverley Harvey (1913-2009). E.B. Harvey's many notable commissions included numerous furnishings for Government House, a carved Rotary Club Emblem for presentation to New York Rotary Club, a set of tables for the Queen Mother and a long-case clock wedding gift from Queensland to Prince Charles and Lady Diana.

E.B. Harvey had continued the woodcarving, sculpting and furniture making tradition of his father Lewis Jarvis Harvey (1871-1942), founder of the Harvey School of Applied Arts, Brisbane and of the business which became Harvey Bros.

This functional and comfortable suite abounds with grace and grandeur.

Armchair

Partner's desk - client side - lockup cabinet doors

It's much more than an office suite - it's a piece of Brisbane's past and an investment in your future.

- Queensland red cedar
